Location: Pune, Maharashtra, India

Career Objective

Motivated 3rd-year Computer Science and Engineering student with strong problem-solving and programming skills. Seeking opportunities to apply knowledge in software development, web technologies, and data analytics while contributing to innovative projects.

Education

B.Tech in Computer Science & Engineering – XYZ College of Engineering, Pune (2023–2027)
CGPA: 7.62 / 10

Senior Secondary (12th) – ABC Junior College, Pune (2023)
Percentage: 66.17%

Secondary (10th) – XYZ High School, Pune (2021)
Percentage: 74%

Technical Skills

- **Programming Languages:** C, Java, Python, JavaScript
- **Web Development:** HTML, CSS, Bootstrap, React.js
- **Database:** MySQL, Firebase
- **Tools & Technologies:** Git, VS Code, Node.js, Postman
- **Other Skills:** Problem Solving, Data Structures & Algorithms

---

Project

Student Management System (Java)

- Developed a console-based student management system to manage student records, attendance, and marks.
- Implemented features like add, update, delete, and search using file handling.

Internships / Work Experience

EduSkill (Student Intern) – AI & Web Development

- Assisted in building interactive web-based learning modules.
- Gained hands-on experience in API integration and front-end development.

AddSkills (Internship) – Web Development

- Worked on dynamic website development using JavaScript, HTML, and CSS.
- Learned deployment and version control using Git.

Certifications

- Certified in Python Programming — Coursera
- Full Stack Web Development Bootcamp — AddSkills
- Data Structures & Algorithms — HackerRank

Achievements

- Selected for State-Level Buildathon by Nxteave & OpenAI
- Winner of College Coding Hackathon 2024
- Active member of college Coding & AI Club
